

Training Dynamics Network on COVID-19

Greetings TDN Customers

We hope you and your loved ones are safe during these challenging times of the COVID-19 issue. Like many organizations across the country, we have modified our learning environment to an online platform. Our goal at Training Dynamics Network (TDN) is to continue making a difference in people's lives. It's important to stay tuned to the COVID-19 alerts, stay safe and stay aware of the many corona virus cyber scams. We are pleased to continue our cyber trainings through CertNexus, and that our [Cyber Expert Mike Lattimore](#) is keeping us updated on these new cyber intrusions.

TDN to Follow CDC Guidelines

TDN will follow [current CDC guidance](#) in regards to COVID-19 mitigation and prevention. All of our in-person workshops will be online until further notice. All personnel and independent trainers will follow the most recent state and local government mandates on social and other gatherings.

Get CyberSAFE Certified from Home

Some of us are working from home, while others, unfortunately, have had their lives disrupted by layoffs. These are unprecedented times. TDN encourages everyone to update his or her skills by enrolling in a [CyberSAFE](#) course. Many employers, now more than ever, are looking for help in keeping their companies CyberSAFE. Stay tuned for video learning and online classes that will help you get your certification.

We're Here to Help

If you have any questions about our schedules or classes, don't hesitate to reach out to us at info@trainingdynamics.org. We will continue to keep you updated with the latest information related to COVID-19 and TDN. We're all in this together.

Sincerely,

David A. Kitchen, CEO
